Speaker-Designate Welcomes 2004-2006 House Members

TALLAHASSEE – Speaker-Designate Allan Bense today congratulated the newly-elected members of the 2004-2006 Florida House of Representatives who were in Tallahassee for orientation and training.

“I’m very proud of the Members of the Florida House – both new and old, Republicans and Democrats,” said Bense. “We have a good mix of experienced Members returning to provide leadership, and new Members joining us to provide new perspectives and fresh ideas.

“They worked hard to reach out to the people in their districts, they’ve earned their place in the Florida House of Representatives, and I look forward to working with each of my 119 colleagues as we find ways to improve the lives of the more than 16 million people who call Florida ‘home.’”
